To whom it may concern :

We recently purchased a home in Thomaston, CT. Our agent, David Keyser was extremely efficient, resourceful, and pleasant to work with. We were thoroughly satisfied with his professionalism and punctuality from the time he first submitted our offer to the time of closing on the property. David is very knowledgeable and experienced in real estate, and guided us through the home buying process. He was always helpful with any questions we had about the area we were interested in. Even after the closing, David provided resources for our renovation plan and continued to stay in touch with us. In conclusion, David is a very competent and intelligent real estate agent and is highly recommended.

Sincerely,

Richard Lemoine & Kimberly Kemes
